PROFESSIONAL SUMMARY

MCA student and entry-level Frontend Developer with hands-on experience building responsive web applications using HTML5, CSS3 and JavaScript. Developed interactive task-management and quiz applications with client-side data persistence, dynamic UI features and responsive interfaces through academic projects and web development internship experience.

EDUCATION

Noida International University

Master of Computer Applications (MCA) - Pursuing

09 2025 – 05 2027

Greater Noida, India

World College of Technology and Management

Bachelors of Computer Applications (BCA) - 78.4%

09 2022 – 05 2025

Gurugram, India

PROJECTS

Smart Task Management System [↗](#)

HTML, CSS, JavaScript, LocalStorage

- Developed a responsive task-management web application using HTML5, CSS3 and JavaScript with functionality for task creation, search, priority assignment and status tracking through interactive UI logic.
- Implemented client-side task persistence using JavaScript and LocalStorage, maintaining task attributes including title, status, priority and due date across browser sessions.
- Built task-state and dashboard logic to categorize completed, pending and overdue tasks, while implementing theme switching and dynamic UI updates.

Quiz Master [↗](#)

HTML, CSS, JavaScript

- Developed an interactive JavaScript quiz application with multiple subject categories, dynamic question rendering and user-controlled navigation.
- Engineered difficulty selection, timed questions, progress tracking, previous/next navigation and automatic scoring using JavaScript event handling and application state.
- Built a quiz result dashboard displaying score, correct/wrong answers, accuracy and completion time

INTERNSHIP EXPERIENCE

InAmigos Foundation [↗](#)

Web Development Intern

05 2026 – 06 2026

Greater Noida, India

- Developed an NGO awareness webpage using HTML and CSS, organizing program and initiative content into responsive sections.
- Evaluated website UI/UX and proposed improvements to navigation, layout and responsive presentation.

Azisly.ai [↗](#)

AI Project Trainee

05 2026 – 06 2026

Greater Noida, India

- Completed a 15-day live project program focused on AI learning and practical project development.
- Applied AI tools and professional project methods to an assigned business problem.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript

Programming: Java, C, C++

Tools: Git, GitHub, VS Code

Concepts: Responsive Web Design, LocalStorage, Event Handling, DOM Manipulation

Core CS: Data Structures, OOP, DBMS
